Now let's fix the **Source Collections** chart — it has too many rows making it hard to read.

Go to **Source Collections** sheet tab at the bottom, then:

Fix 1 — Limit to Top 10 sources only:

1. Right-click on **Source X** in the Filters shelf
2. Click **"Edit Filter"**
3. Click **"Top"** tab
4. Select **"By field"**
5. Set **Top 10 by Paper Count → Sum**
6. Click OK

Fix 2 — Update chart title:

1. Double-click the title **"Source collections"**
2. Change to **"Top 10 Research Source Collections by Paper Count"**
3. Click OK

Fix 3 — Add axis label

1. Right-click x-axis → **"Edit Axis"** → Title:
